

Program

Step 1 - Preparation:

- Commit to intermittent fasting: eat only 2 meals a day, 5 hours apart.
- **Remove anything creating stress in your life.** Give it to God in prayer and trust He will care for you.
- **Forgive those who have hurt you.** If you're unwilling to forgive them through the Holy Spirit's power, you cannot be forgiven and will not heal (Matthew 6, James 7).
- **Ask forgiveness from those you've hurt.** This ensures your account is clear before God and you have a clear conscience (Matthew 5:21-26, Exodus 15:26).
- **Forgive yourself for past mistakes** after making things right with God and others. God only wants you to take it one day at a time. He has forgiven you and made all things new! Do you believe in God? Then live it! (Revelation 21:5, 2 Corinthians 5:17, 1 John 1:9 – 2:6).

Claim and memorize one healing promise per day to build your faith (Romans 10:17).

Step 2 - During the Program...

- **3 days of water fasting.** Drink your water number in oz (w#) at each mealtime instead of eating. If dizzy, substitute 8 oz pomegranate juice with 1 tablespoon ground chia or flaxseed. For chia seeds, let them hydrate in the juice for 5 to 10 minutes before drinking. If constipated, substitute prune juice.
- 27 days of 32 oz "Dr. Sears School Aid Smoothie." Drink 32 oz at each mealtime. If allergic to any ingredients, skip them or ask for alternatives.

Step 3 - After the Program...

- 1 week later: replace lunch with vegetable-based food (no fruits): 80% green category, 20% yellow category
 - Example: dark green lettuce, broccoli, grated carrots, salad; with rice and beans on top and homemade dressing.
 - Practice chewing hands-free.
- Rotate vegetables and grains and watch for reactions. If you notice a negative reaction, remove that item from your menu.
- 2 weeks later: Do the same with breakfast; Fruit-based (excluding vegetables): 80% green category, 20% yellow category
 - Practice chewing hands-free.
 - Rotate fruits, grains, etc. and observe any reactions. If you notice a negative reaction, remove that item from your menu.
- 3 weeks later: You should be ready!

Keep rotating your options and pay attention to how your body responds. If you notice a negative reaction, remove that item.

Options: You have two choices. Make a smoothie based on fruits and vegetables. The main plan is fruit-based, but you can also make the plant-based smoothie for lunch as a change of pace.

Remember...

- Don't forget to claim the promises in the back—they encourage us to trust more in God's ample love and care.
- Follow the Lifestyle Resume Schedule
